## Comments

anonymous> Frustrated that there is NO customer service with this company. I have emailed, faxed, tried to call and filed tickets with customer service for 3 months and nobody gets back to me. I can't even cancel my membership and they bill me automatically every month. I even filed a report with the BBB just to get them to stop charging me. No response. Very disappointed as they have a great product. on Dec. 1 2009 Richard KosierHas this company gone belly-up again? I've been with them from the start, even when they shut down for awhile. Now it's like it was before. For the last two weeks there has been no responses to their customer service tickets that I file, no phone number available, and emails sent bounce right back. I recently paid for the upgraded membership and don't have access to that upgraded site. Will need to contact my charge card company and initiate a charge-back. They do have a unique and fantastic product, but without customer support, they are useless. BEWARE. on Apr. 22 2010 RonThis company had a great product, the sportbrain tracker. My tracker broke and I am unable to contact them to update my membership and get a replacement. E-mails, tickets and mail go unanswered. Letters mailed come unopened and returned to sender.
