NEIGHBORHELP REFERRALS' AFFORDABLE TRAPPING WANTS YOUR REFERRALS! AND WE PAY YOU FOR IT! (239-465-9291)

ATTENTION: Do you run or work for a pest control company in Collier County, FL or Lee County, FL? (Naples, Marco Island, Bonita Springs, Golden Gate Estates, Cape Coral, Estero, Fort Myers)

We want your referrals to come to us!

We're NeighborHelp Referrals' Affordable Trapping. **(239-465-9291)** We take care of the critters that you DON'T take care of.

WE MAKE YOU LOOK GOOD.

We do home exclusion services ("*rat proofing*" is what the customers call it). We seal up homes and businesses against intrusion of rats, bats, raccoons and even snakes!

We do **removal** and **control** of:

RATS
BEES
COYOTES
SNAKES
ARMADILLOS
OPOSSUMS
BATS
RACCOONS

We also **remove dead animals**

We will not step on your toes! You do what you do best, and we do what we do best. If our services overlap, don't worry - we will not compete for your customer. By utilizing us, we effectively **EXTEND THE SERVICES OF YOUR COMPANY** for while they will be dealing with us separately, they will think of **YOU, FIRST**. (in their minds, we're just the specialists that you got **ESPECIALLY** for them. Customers don't like to hear "I DON'T KNOW" or "WE DON'T DO THAT". They want to hear, "I have some guys that we use for your particular situation."

HOW DOES IT WORK?

Two ways:

You call us with the customer information. Name, address, phone number, and nature of the problem. We call the customer and make an appointment. As far as they are concerned, we work for you. This also take ALL THE PRESSURE off of the CUSTOMER since they don't have to go through the trouble of calling someone up THEMSELVES.

or

You pass our information on to the customer. This is not as good in the mind of the customer, as the burden is on the CUSTOMER to contact US.

We don't care which method you use, but in our experience, you will have better success with Method #1, as the customer doesn't have to think of a THING. You take care of that stuff for them.

ANALOGY: Think of a doctor's office: Your regular doctor sends you to a specialist. Would you prefer to call the specialist yourself and have to mention that Doctor So and So referred you to them? NO!

You would rather the SPECIALIST call YOU and set up the appointment. "This is Doctor So-and-So's office - when would you like to come in to get your [...] looked at?" It makes you feel SPECIAL and TAKEN CARE OF.

But you said money? Yes! For each successful referral, we will send you either \$15 or \$30, depending on the nature of the job. WE DO NOT CHARGE YOUR CUSTOMER THE REFERRAL FEE. THIS COMES OUT OF OUR OWN POCKETS AS A THANK YOU TO YOU.

Will NeighborHelp Referrals' Affordable Trapping refer business in our direction?

We will try. If you have a real SPECIALTY - WE WANT TO KNOW -- it makes referring to you more likely. Otherwise, you are on a rotating list. You get bumped up in priority if you are a regular referrer (the more successful you are, the more successful we are and then you become even MORE successful).

STICK TO WHAT YOU KNOW, and we stick to WHAT WE KNOW. You keep your customers - we just do the work.

While you're at it, check out your business listing here on <http://free.naplesplus.us> and let us know if needs updating (phone number, website) - or add it yourself if you are not listed. We run this website as a free service to businesses and residents of Collier County, Florida because we believe in SUCCESS, not just our own, but EVERYBODY'S.

We're with the NWCOA and FLWCA. (National and Florida Nuisance Wildlife Control Associations) and we have worked in 83% (yes, we checked) of the communities in Collier County and Bonita Springs. The guards all know us at the gates.

Add us to your rolodex file:

NeighborHelp Referrals' Affordable Trapping 4686 6th Ave SE, Naples, FL 34117-9198

Phone: 239-465-9291

Give us a call sometime and let us know you'll be referring to us and who we should write the referral checks to. (we prefer to thank the individual who refers us, whether a pest control operator or a secretary but it can be to the company if that is preferred)

Comments

Simplify3Funny - it just dawned on me that Pest Control companies don't use the term Exterminator as much. Then again, we don't use the term rat catcher either on Aug. 8 2008 BeachpattyHello, This makes sense, it works much better when companies co exist in the same field.

If you need a responsible, competent, honest office person/admin/customer service, I am seeking employment. I have excellent skills and experience in all facets, including fumigation, WDO scheduling & reports. Customer service is my forte, I always build a trusting base that think of my employer as friends, there to help, advise and listen/

I am seeking part time employment and am able to work additional hours during swarm season. I am flexible and reliable, with good transportation.

Please email me if you need help now or want to get someone in place for the coming season. I have excellent references, professional and personal, I recently relocated to NFM from the Bradenton Area.

Thank you for your time!

beachpatty69@gmail.com on Dec. 22 2008 Udu, KennethThe program is working very well! I hope to see more of you joining us!

If you are in pest control, call Ken at 239-465-9291 and let's get some referrals going -- especially for the summertime! on June 8 2009
