Dec. 5 2009

Come join us in this COMMUNITY BUILDING gathering representing the Gift Economy. The idea is to gather once a month to share everything from useable items, skills, ideas, resources, music, smiles, talents/performances, crafts, games, plants, discussions and anything else. The most beautiful aspect of this event is to witness the friendships blossom and the community growing together.

Everyone is welcome at this free event, where all are encouraged to give, receive, and create on their own terms.

This is our opportunity to step outside the isolation of our "subculture" and build meaningful connections with our neighbors and the community. The Really Really Free Market emphasizes the evaluation of consumption and is based on the concept that we, as a community, are abundant, yet often so fragmented.. it's important to come together to UPCYCLE, for one man's trash is another man's treasure!

We look forward to seeing more skill sharing and people openly expressing themselves (whether it be drumming, practicing/leading yoga or tai chi, offering massages or hair cuts, juggling... whatever it is that one feels inclined to offer- the only limits are one's imagination!). the RRFM is a non-hierarchical event, which means that each person who comes plays a role in creating the event s/he wants to see. Please keep in mind what is appropriate for the park (no fire, etc.) and for the image of the RRFM.. therefore, if you are unsure if your idea would slide, please inquire at [naplesreallyreallyfree \[at\] gmail \[dot\] com](mailto:naplesreallyreallyfree@gmail.com).

Date: Saturday, December 5, 2009 Time: 12:00pm - 4:00pm Location: Fleischmann Park - in front of the basketball courts (across from Coastland Center Mall). 1200 Fleischmann Blvd. , Naples, FL 34102 ([map](#))
