Apr. 2 2011

The Naples RRFM meets the First Saturday of Every Month in front of the basketball courts at Fleischmann Park from 10:00AM until 2:00 PM.

The idea is to gather once a month to share everything from useable items, skills, ideas, resources, music, smiles, talents/performances, crafts, games, plants, discussions and anything else.

We welcome and encourage you to come with whatever projects you want to share with the community as well as your good energy!

THE ONLY LIMITS ARE ONE'S IMAGINATION! No Money, barter, or trade. It's All About Love!

The most beautiful aspect of this event is to witness the friendships blossom and the community growing together.

Everyone is welcome at this free event, where all are encouraged to give, receive, and create on their own terms.

This is our opportunity to step outside the isolation of our "subculture" and build meaningful connections with our neighbors and the community. The Really Really Free Market emphasizes the evaluation of consumption and is based on the concept that we, as a community, are abundant, yet often so fragmented. It's important to come together to UPCYCLE, for one man's trash is another man's treasure!

The event is self-organized by everyone who participates.
