Simplify3We just had lunch at the Blue Monkey Bar & Grille today. Excellent service, amazingly tasty food.

There's a stage in the corner and all kinds of seating, from tall tables to the bar to gigantic booths that fit 6 people easily -- the two of us felt tiny at the giant roomy booth!

The coffee was delicious as well, which alone makes it worthwhile

Ken on Oct. 1 2008 Denise WintersThe Blue Monkey definitely wins **5 stars** in my book. Close to home, BUT most of all they have GREAT ENTERTAINMENT! A group of us saw a band there on OCT 10 called THE HYPE, and they were totally awesome! Great tunes & great show!! We couldn't stay too late because we had a wedding to attend the next day, but we will surely be coming back again to see the band. Thank you to The Blue Monkey, and The Hype for making a fun evening the night before my best friends wedding!
