Noelia Biography

Talented Puerto Rican pop singer Noelia was captivated by music at a very young age, mostly influenced by her mother, local singer/actress Yolandita Monge, who became a Latin American celebrity. The artist's debut album was released in February of 1999, getting her song "Tú" climbing Billboard's Hot Latin Tracks. By the end of the year 2000, Noelia issued her second album, called Ni Una Lagrima Mas. ~ Drago Bonacich, All Music Guide

This pop singer is working to reinvent herself as a reggaeton and R&B singer in the 21st century, as those genres sweep the Latin pop world. But Noelia, with her clear, pop-perfect voice, started out primarily as an international pop star who found success playing smooth tropical pop music not only in her native Puerto Rico and Latin America but in Italy as well. But in 2004 she released Melao, a joint effort with Puerto Rican rapper/producers Yamil and DJ Eric which saw her veering into hip-hop territory.
